

Due to the unprecedented times we find ourselves in, the Or Tzion Youth Department is offering membership at a 30% discount for the 2020-2021 programming year.

Your membership will *include* approximately one lounge night and one weekend event per month as well as a youth group t-shirt. Dues will be used to bring in speakers and purchase program supplies. There may be times in which we charge an additional amount for larger online or in-person programs to help cover our costs.

Membership to the Youth Department *does not include* any USY Regional or International events. Additional information about this coming soon.

In offering a discounted price for the 2020-2021 programming year, we hope to make youth programming more accessible to all families regardless of financial abilities. **If you are thinking of becoming an Or Tzion Youth Department member and can afford the dues in full, we ask that you do so, in order to help sustain the Youth Department and its programming.** Membership dues should not be a hindrance to participation. For more information, please contact Or Tzion Youth Director Shayna Millman.
